1. A Cash Back redemption is applied as a statement credit. The statement credit will reduce your balance, but you are still required to make at least your minimum payment. Values for non-cash back redemption items such as merchandise, gift cards, and travel may vary.
2. Please note that merchants self-select the category in which transactions will be listed and some merchants may be owned by other companies, therefore transactions may not be counted in the category you might expect. Purchases made using Near Field Communication (NFC), virtual wallets, or similar technology may not be eligible for bonus points. Streaming & Cable Services: the streaming category is comprised of multiple merchant categories: Cable, Satellite & Other Pay TV/Radio; Record Shops; Digital Goods; and Amazon Services. The cable category does not include Google Fiber. Merchants self-select category, so not all merchants will earn additional bonus – notable exclusions include Amazon Streaming, Pandora and YouTube Music/TV.
3. See Rewards Terms & Conditions for full program details at www.commercebank.com/rewardsterms. “Purchases” refers to “Net Merchandise Purchases,” meaning purchases of merchandise or services on the Account, less any returned merchandise credits or service credits posted to the Account.
